

COVER TRAFFIC

D400

Hydraulic Seal Custom Markings

DESCRIPTION

The "TRAFFIC" model represents a new generation of square covers destined to zones of intense traffic.

Made of spheroidal graphite cast iron (EN-GJS-500-7) according to EN 1563, this device is standardized for class D400 (Group 4 of EN 124-2:2015). It is suitable for use on roadways (including pedestrian streets), stabilized berms and car parks for all types of road vehicles.

The hydraulic ring with locking system and safety guarantee stability in heavy traffic situation.

Cover with 2 handles for easy lifting of the lid. Sliding surface for added safety.

Ref	Model	A1xA2	O1xO2	H	Class
