

EASY DRAIN

The Easydrain RD600 is a round hinged grating and frame in ductile iron (D400) designed for use in traffic areas.

Ductile iron round manhole grating and frame cast on ductile iron GJS-500-7 – EN1563, breaking load > 400kN to EN 124. Group 4 installation area - carriageway of roads (including pedestrian streets), hard shoulders and parking areas, for all types of roads vehicles (and lower groups)

dimensions

ref.	model	Ø A	Ø B	Ø O	H	Class
922050	600	850	640	600	100	D400

Ø A - dimensions // Ø B - cover diameter // Ø O - clear opening // H - height

characteristics

- Cover made of spheroidal graphite cast iron (ductile), EN-GJS-500-7, EN 1563;
- According to EN 124-2: 2015, class D400;
- Equipped with elastic joint;
- Closure system by elastic bar made of ductil iron;
- Doesn't require specific tool to be operated;
- Black painting ;
- Raised pattern non-slip;

place of use

Carriageway of roads (including pedestrian streets), hard shoulders and parking areas, for all types of roads vehicles (and lower groups)
